

ASCENT

MIXED-USE

Located in the Union Station Neighborhood this 13 story mixed-use project features 3,500 sqft of retail and 164 luxury apartments. The residences average 1,400 sqft and the penthouse includes 4-2 story units. The state of the art amenities include a rooftop terrace and pool that overlooks Union Station and downtown. The project sits adjacent to the Elan Union Station, also developed by Greystar.
